

ADDENDUM 4

January 2, 1992

TO: GREG HAWKINS

FROM: JOHN WAGNER *John*

SUBJECT: ANNUAL RAINFALL FOR THE 1991 RAIN YEAR

Attached is a graph plotting the rainfall received during the 1991 rain year. The new rain year begins on October 1 of each new year. The data was supplied by the Fillmore BLM Office. Gale Bennett, Technician, is responsible for reading the Federal rain gauge located on Topaz Mt. and has made this data available to us. The following summarizes the plotted graph:

On October 1, 1990 the rain gauge was recharged.

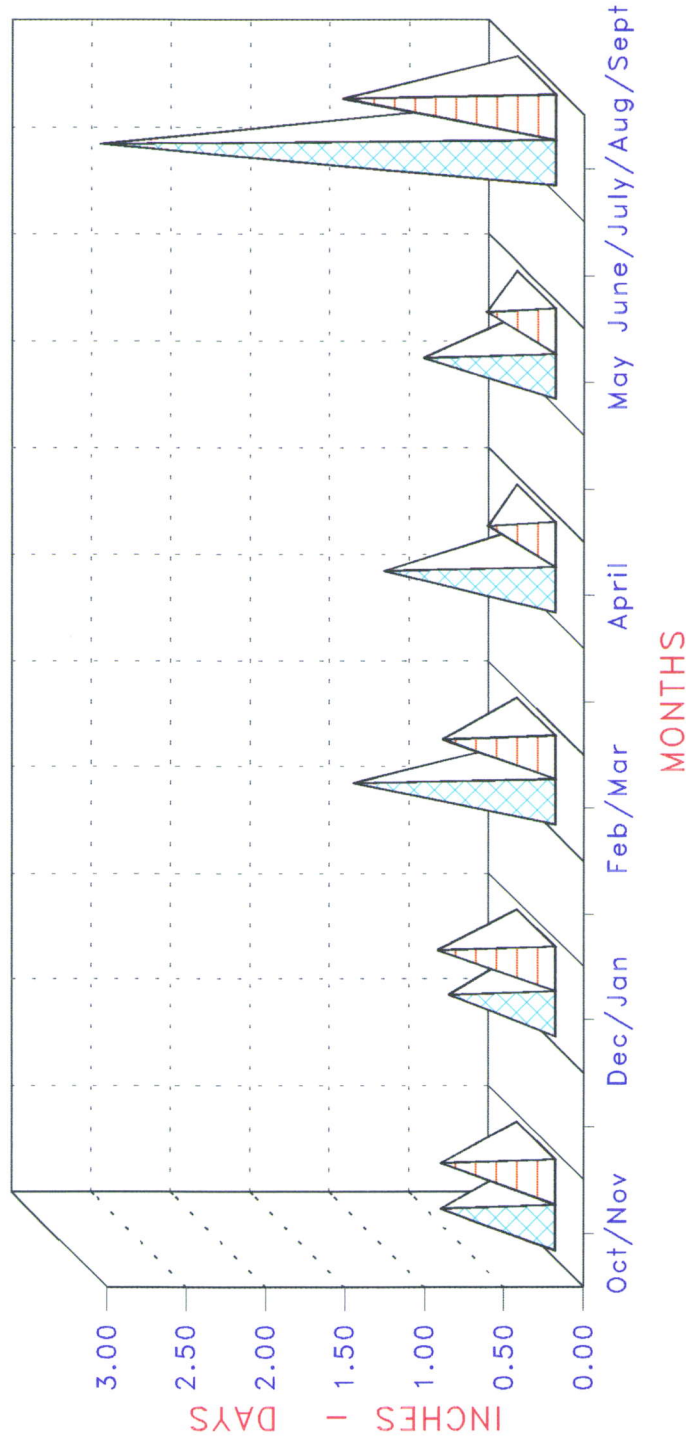

READING DATE	PRECIPITATION MEASURED IN INCHES	NUMBER OF DAYS BETWEEN READINGS
Nov. 30, 1990	.60	60
Jan. 31, 1991	.55	62
March 31, 1991	1.15	59
April 30, 1991	.96	30
May 31, 1991	.71	31
Sept. 30, 1991	2.75	122
TOTALS	6.72	364
